TOWN PLANNING ADVISER.

SUBJECT

ANTI MALARIA AND WATER SUPPLY
IN VILLAGES TUL-KARM S-D

CONNECTED FILES

BPT/5 - ~~B~~ B

TLX/58/A./45

DISTRICT HEALTH OFFICE,
TULKARM.

18th January, 1945

Senior Medical Officer,
Samaria District,
Nablus.

Subject:- Anti-malaria & water supply-villages.

I wish to report that a total number of 5348 rain cisterns exist in the rural area of Tulkarm Arab Villages for domestic use as water supply for human beings and animals. Such a large number require special attention from an anti-malaria point of view and contamination. The important preventive and effective measure to be taken is proper coker which necessitate the release of a sufficient quantity of cement.

2. A minimum number of 2000 cisterns of the above mentioned total require cement. The rest are in a proper condition.

3. The release of cement required for these cisterns was discussed in the meeting of the Building Permit Sub Committee held on 16-1-1945 at the District Offices, Tulkarm. The Regional Engineer, pointed out that a special authority is required for this purpose and advised matter be taken up by you. He calculated that one sack is required for each cistern which makes a total of 2000 sacks of cement required.

4. I therefore, shall be obliged if the matter is taken up at your end, probably with the Controller of Heavy Industries, Jerusalem, to enable me to face the summer season in time.

5. I suggest that the release order be in the name of Medical Officer, Tulkarm, who in time through Sanitary Inspectors and Village Mukhtars will arrange distribution.

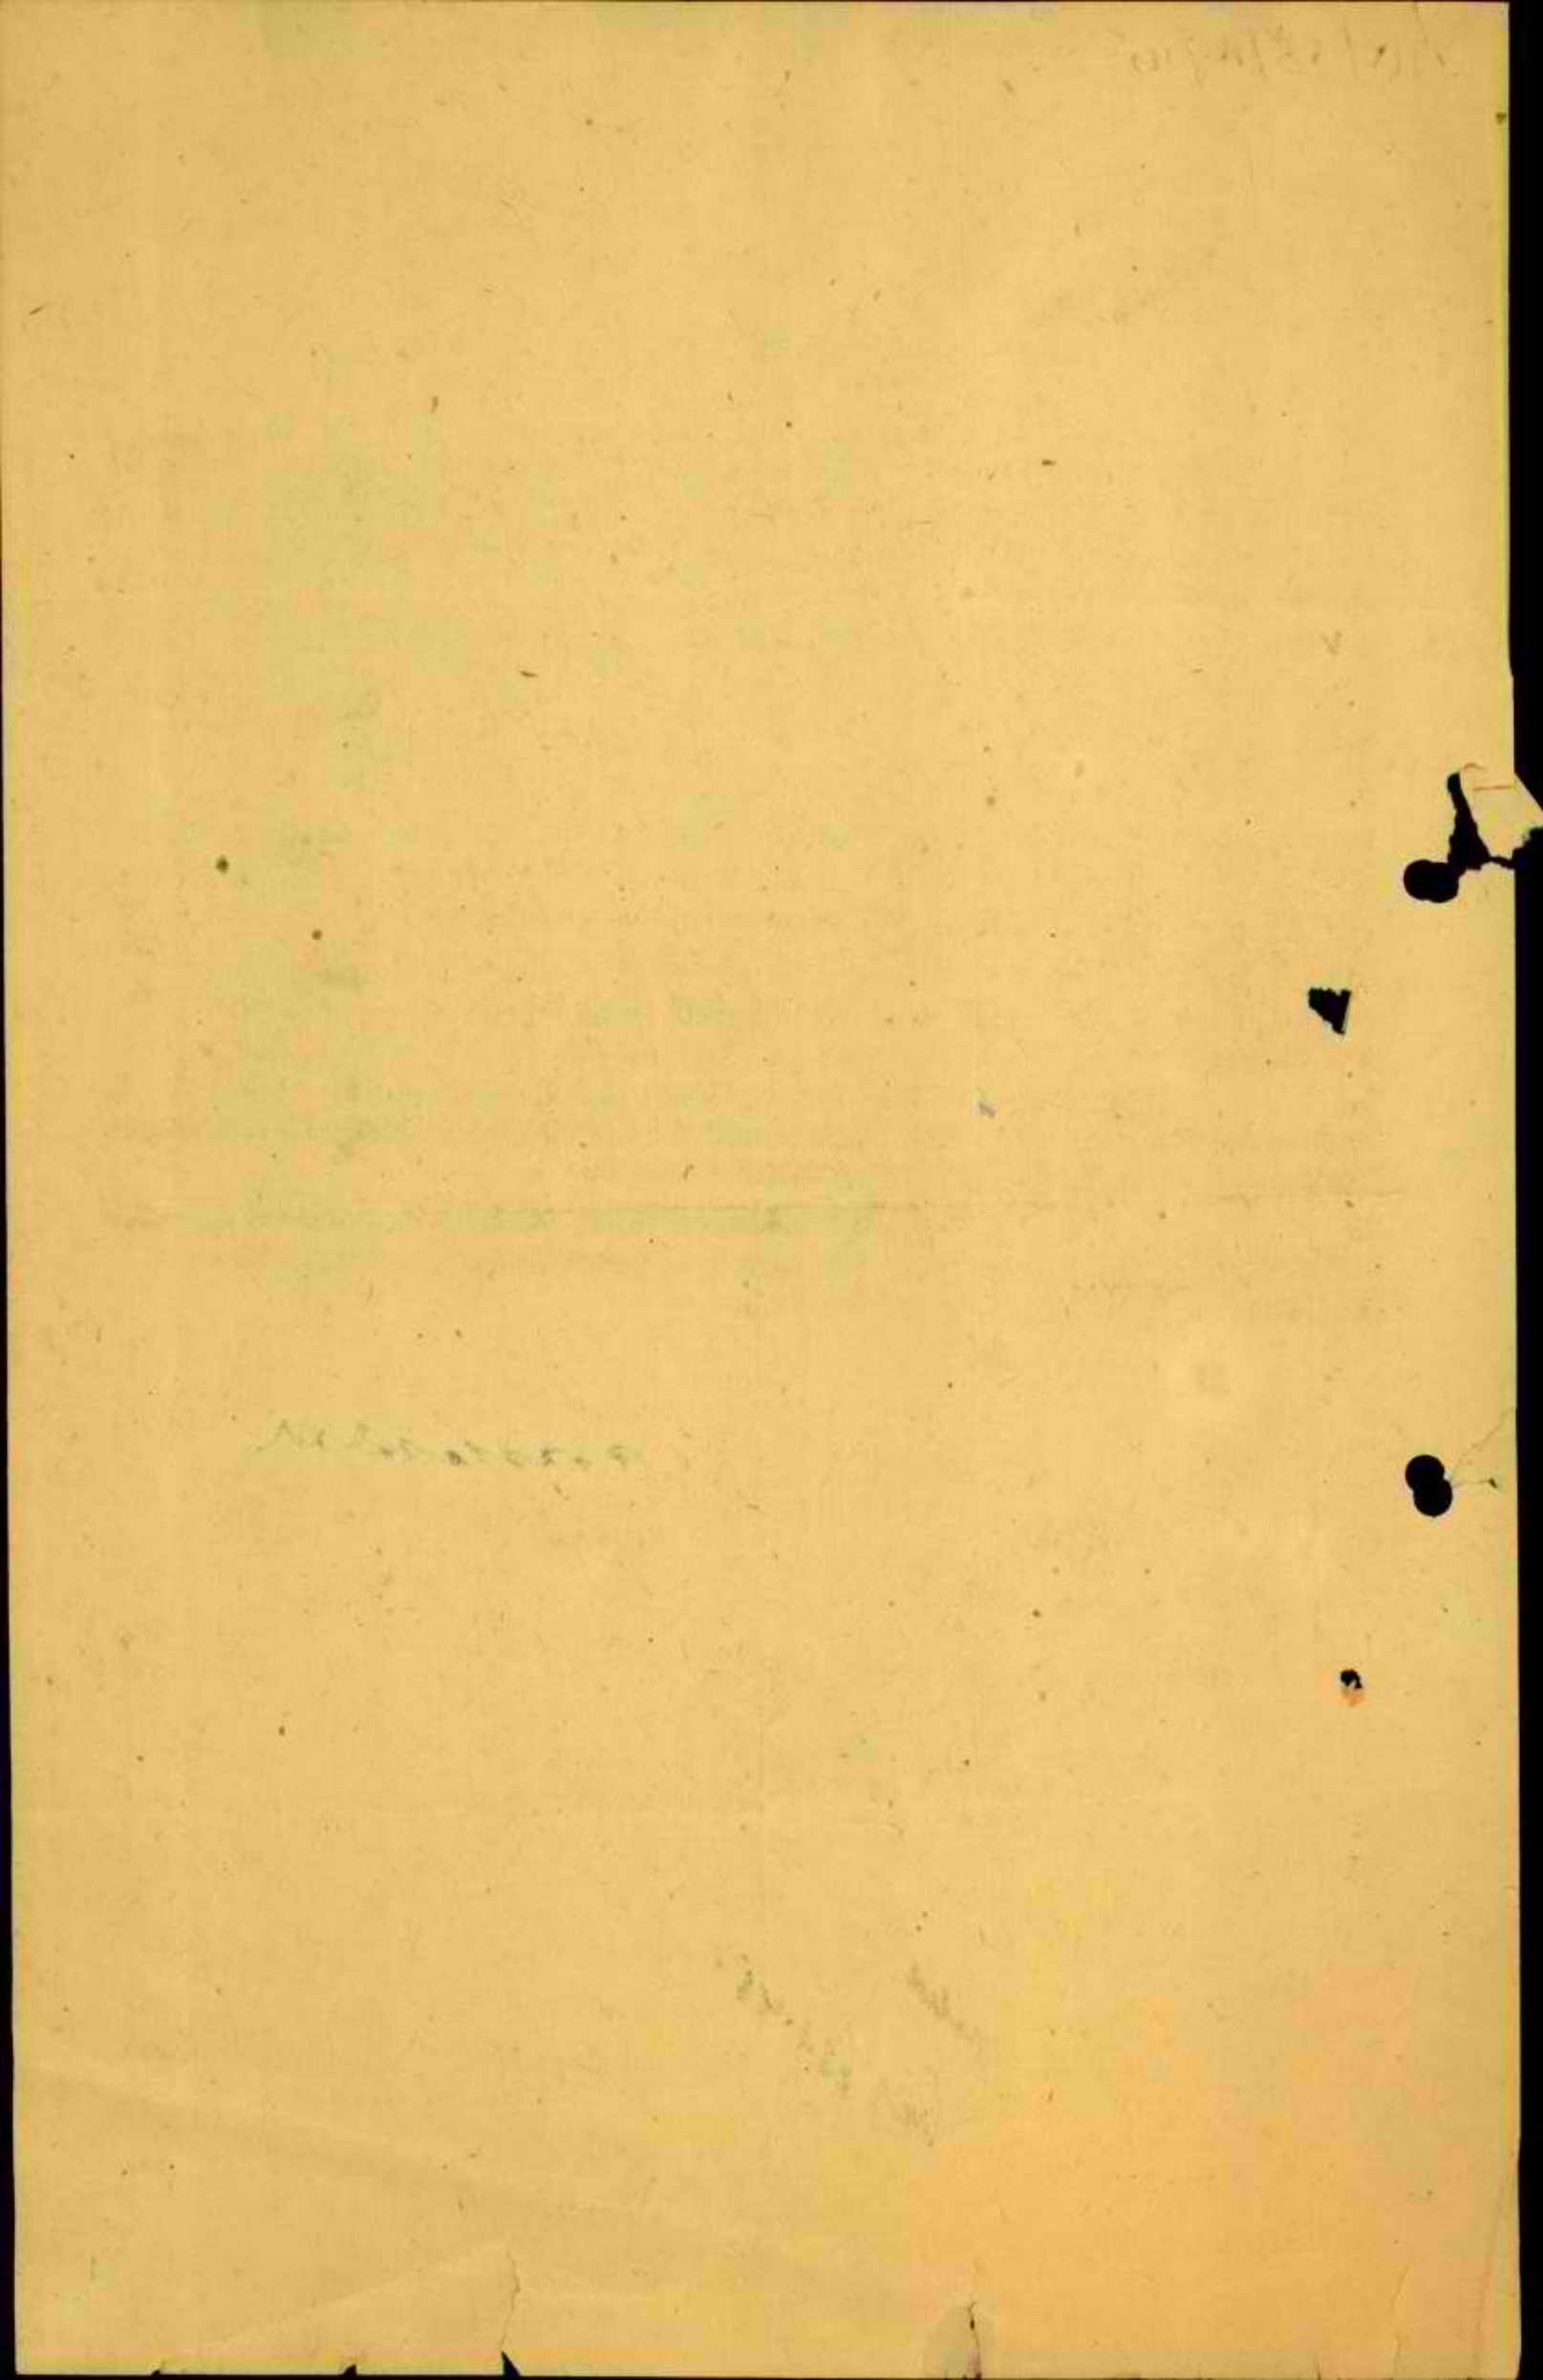

(Signature)
Medical Officer of Health
Tulkarm.

Copy to Asst. Dist. Commissioner,
Tulkarm.

" " Regional Engineer,
Town Planning Adviser Office,

Water Commissioner,
Jerusalem.

Subject:- Gauge Readers for storm
water Flood in Wadis.

P. 95

I have the honour to refer to your letter
W/5/1(A) dated 7.10.47 and have to inform you that Mr. Seif
El-Din el Jayousi has been approached with a view to his
mechanic taking the gaugings.

21-10-47
AS

Seif El-Din Eff. stated that he is willing to
cooperate but his mechanic is unable to do this alone unless
he is instructed by some one.

I would therefore suggest that Mr. Levy, your
Irrigation Engineer be informed to come down one day and
instruct the said mechanic on how to take the measurements.

2nd October, 1947.

Asst. District Commissioner,
Tulkarm.

Subject:- Permanent Gauge in Wadi Massin.

This year, a permanent gauge with marble slabs has been installed at Wadi Masin, near the bridge of the Tulkarm-Wadi Ara road. The marble slabs have already been destroyed by local people.

2. I shall be grateful if you will inform the Mukhtars of all the surrounding villages that the gauge has been erected by Government and is being used for measuring the flow of the wadi. No scheme for utilisation of this flow for the benefit of the local population can be visualised without previously carefully measuring the flow for a long series of years. By destroying the gauge, the inhabitants are not only trespassing on Government property but also working against their own interest.

3. In case you do not know the accurate site - you can meet there my Irrigation Research Officer, Mr. M. Goldschmidt, who will be at the site on Tuesday 7th October, 1947, some time between 10.30 and 11.30 a.m.

GOVERNMENT OF PALESTINE

IN REPLY PLEASE QUOTE

No. W/5(2).

2/9 ✓

DEPT. OF LAND SETTLEMENT,
AND WATER COMMISSIONER.
JERUSALEM.

P. O. B. 189 - TEL. 4497.

18th September, 1947.

Asst. District Commissioner,
Tulkarm.

70

Subject :- Gauge readers for Storm
Water Floods in Wadis.

Answer 75

Reference:- My W/5(2) of 9th September,
1947.

The officer in charge of the site
has just drawn my attention to the fact
that the gauge reader of Wadi Sir gauge
at Qalqilya was not particularly reliable
during the 1946/47 season. Would it be
possible to find another person to take
his place ?

MM

J. L. W. S.

WATER COMMISSIONER.

DEPT. OF LAND SETTLEMENT,

WATER & COMMISSIONER.

GOVERNMENT OF PALESTINE.

JERUSALEM.

9th September, 1947.

Asst. District Commissioner,
Tulkarm.

Subject :- Gauge Readers for Storm Water Floods in Wadis.

Reference:- Your No. T/2/9-52 of 10th September, 1946.

During the 1946/47 flood season, the following served as gauge readers at the flood discharge sites shown below :-

- | | | |
|---|-------------------------|---|
| 1 | Wadi Ishkar at Jaljulya | - 'Abed Wasfi Hijle or Jaljulya. * |
| 1 | Wadi Sir at Qalqilya | - Abdul Rahman Suleiman of Qalqilya. * |
| 1 | Wadi Tin at Irtah | - Najeeb Ismail Ali of Irtah. * |
| 1 | Wadi Masin | - Mohammad Salim Hasan, of Kh. Yamma. |
| 1 | Wadi Abu Nar | - Abdalla Mustafa Rumi of Baqa al Gharbiya. |

2. I shall be grateful if you can ascertain whether the above agree to make the water level records also during the 1947/48 flood season. The readings should be made during flood time at or near the following hours: 5 a.m., 9 a.m., 1 p.m., 5 p.m., and 10 p.m., and at the permanent gauges installed at each of the sites. The records should be entered in a special field book and sent to me on special, stamped forms.

3. I am prepared to pay 150 mils for each individual record thus made and sent to me.

4. In case the above agree, the officers in charge of the sites will meet the gaugers at the respective sites on a date which will be communicated to them in time and hand them the necessary outfit (as field book, forms, electric torch) and issue the necessary instructions.

5. In case any of the above should disagree to do the job, I shall be grateful if you can nominate another reliable literate person.

6. I shall be grateful for an early reply.

I have the honour to refer to your letter no. W/5/1A dated 3.9.47, dealing with Underground Water Records and to inform you that on enquiry it appeared that the son of Seif Ed Din el Jayousi, who was able to record the measurements joined the Police and lives outside this sub-district. His father states he is unable to do the job.

2. Mr. Abdel Salam Abdel Fattah informed me that he posted the report to you some 10 days ago and promised to cooperate regularly.

DEPT. OF LAND SETTLEMENT,
AND WATER COMMISSIONER,
JERUSALEM.

P. O. B. 189 - TEL. 4497.

3rd September, 1947.

Asst. District Commissioner,
Tulkarm.

Subject:- Underground Water Records.

This Department has established two Underground Water Record Stations at the wells of Mr. Seif ed Din el Mafeth, Jaljulya, and of Mr. Abdel Salam Abdel Fatan, Qalqiliya, respectively. Measurements of the water level should have been supplied once per month; none, however, have been received since June 1947, although the owners of the wells have been asked to do so on different occasions by my Irrigation Engineer, Mr. M. Levy, and have regularly been supplied with forms to enter and send to this office the monthly records.

2. I shall be grateful if you will kindly urge the owners of the wells to submit the measurements at their earliest convenience and to supply me in future with regular monthly records. Failing such records, I am not in a position to keep the necessary records of fluctuations of the underground water levels.

3rd January, 1947.

Asst. District Commissioner,

Tulkarm

Subject:- Underground Water Records - Qaqun.

For the purpose of keeping continuous records of the underground water conditions, several stations have been established in the Coastal Plain.

2. One of these Stations was established at the well of Mr. Abdel Kader Mohd. Natur of Qaqun. Readings of the water levels have to be made once monthly.

3. Although the necessary forms and addressed and stamped labels for free mailing are sent regularly at the beginning of the month no records have been received.

4. My Irrigation Engineer, Mr. Levy has visited the Qaqun well twice already, and although he was promised that records of the water level will be sent, no measurements were yet received at this office.

5. I shall, therefore, be grateful if you will urge Mr. Abdel Kader Mohd. Natur - Qaqun Well to send the missing records and to supply me in future with regular monthly records of their measurements.

Subject:- Gauge Reader for Station Water
Run-off in Wadi.

I forward herewith, a copy of a petition received from Mohd Salim El-Hassan of Khirbet Yamma who was employed in 1945/46 as gauge reader, claiming that he was not paid full wages for the days worked by him measuring the water level in the Wadi.

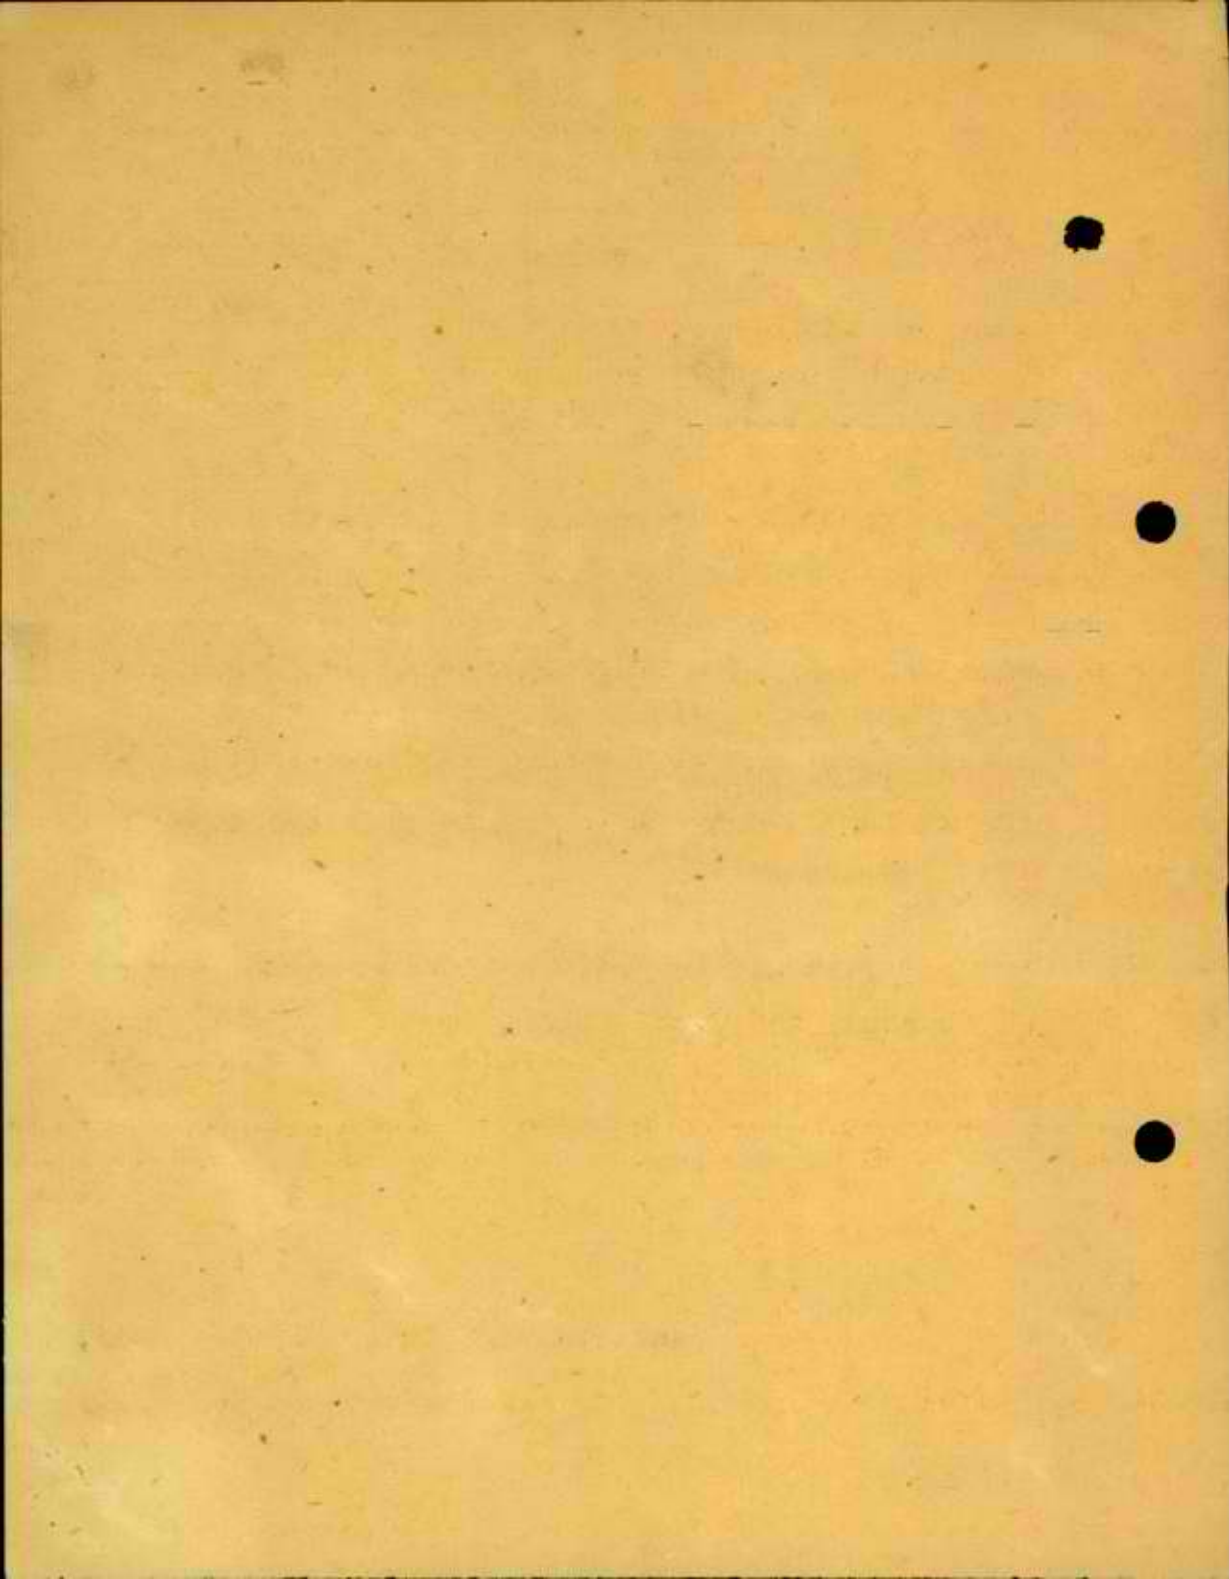

I should be grateful if you would enable me to reply the petitioner.

TEL. No. 4497.

P. O. B. 189.

Asst. District Commissioner,
Tulkarm.

WATER COMMISSIONER,
GOVERNMENT OF PALESTINE.
JERUSALEM.

31st August, 1946.

Subject :- Gauge Readers for Storm Water Run-Off
during the Flood Season 1946/47.

Reference:- Our correspondence on the subject during
the 1945/46 flood season.

Gauge readers are required for the forth coming flood season at
the following sites which are in your District :-

Wadi Massin.
Wadi Abu Nar.
Wadi Tin.
Wadi Sir.
Wadi Ishkar.

All the sites are situated on the Ras-el-Ain - Tulkarm - Wadi Ara road.

2. Their duties are: To read and record the water levels in the Wadi during floods at the respective site five times every day, viz. at or near the hours 5 a.m., 9 a.m., 1 p.m., 5 p.m., and 10 p.m., and send the results to my office. Equipment, field books and record forms are issued by me. Gauge readers will be properly instructed by the flood observing engineer-in-charge of the sites.

3. I am ready to pay 100 mils per single reading.

4. The readers at the Wadi Massin site, viz. Muhammad Salim Hassan of Khirbat Yamma and at the Wadi Abu Nar site, viz. Abdalla Mustafa Rumi, of Baqa el Gharbiya proved satisfactory and I shall be grateful if you will be good enough to enquire whether they are prepared to do the job also during the forthcoming flood season. If they do not agree- could you nominate other candidates ?

5. The gauge reader at the Wadi Tin site near Irtah viz. Abdul Rahim Faris Mohd. Odeh of Tulkarm was absolutely unsatisfactory. He was imprisoned at the beginning of the rainy season. The same happened before the end of the rainy season with Mahmoud Haj Ali of Jaljulya who was the gauge reader at the Wadi Ishkar site. It was impossible to find a gauge reader for the Wadi Sir site at Qalqilya.

6. I shall, therefore, be grateful if you will try to find suitable persons for the last three sites who live in the villages Irtah, Qalqilya and Jaljulya which are very near the sites and who are willing to do the job. They should preferably be persons who do not go to work outside the village, viz. shop-keepers, barbers, owners of coffee houses etc. They will be instructed and equipment be issued to them by my engineer-in-charge of the respective sites.

P.T.O.

7. An early reply would oblige.

ASSISTANT DISTRICT COMMISSIONER'S OFFICE
TULKARM.

December, 1945.

Water Commissioner,
Jerusalem.

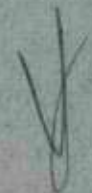

Subject:- Flood gauge Reader, Wadi Ishkar.

Ref'nce:- Your No. 1R/504/34 dated the 22nd Nov., 1945.

The village authorities have nominated Tawfiq Hassan
el Haj Said et Taha of Jaljuliya to replace Ahmad Mohd. Haj Ali.

He appears to be an intelligent man.

He can be seen any time at his village, Jaljuliya, on
enquiry from the Coffee shop of Mahmoud Haj Ali.

Assistant District Commissioner,
Tulkarm.

Reference: Your No. T/1312/20 of the
8th October, 1945.

The gauge reader recommended by you, Abdul Rahim Faris Mohd. Odeh, of Tulkarm has been instructed and equipment handed to him on the 24th October, 1945. The site now chosen is near the village of Irtah. Nevertheless, the site is rather remote from Tulkarm and you might, therefore, prefer to exchange the gauge reader against a suitable person living in the latter village. If you prefer to do so, will you be good enough to inform me.

2. Ibrahim Yusef Abu Saleh of Qalqilya who was proposed as gauge reader at the Wadi Sirr bridge refused to accept the job but as this site is not important the matter may be dropped.

WATER COMMISSIONER.

TULKARM

Asst. District Commissioner,
Tulkarm.

Subject:- Run-Off observations on
Wadis in the Tulkarm S/D.

During the winter 1945/46 I intend
to make water level observations at the sites
shown in the attached schedule. For this
purpose, water levels during flood should be
observed and recorded in a field book at or
near the following hours: 5 a.m., 9 a.m.,
1 p.m., 5 p.m., and 10 p.m., and the records
dispatched to my offices every day. I shall
be grateful if you will inform me whether
you can nominate any local Arabs who live
near the sites and who are capable and wil-
ling to do the above mentioned work and who
can be trusted to make the measurements with
the necessary accuracy. In case you can
nominate such people, they will be instructed
and the necessary outfit be handed to them in
time;

2. I am prepared to pay 100 mils for each
reading. One day of five readings would
therefore be remunerated with 500 mils.

12th October, 1944.

Water Commissioner,
Government of Palestine
Jerusalem.

Sir,

Towards the end of last winter's stream gauging work we approached you with a request to notify the various Police Stations in our District of our activities. However, the season was so far advanced that the matter was left in abeyance.

We would now be grateful if the Police Stations near the gauging sites, namely

Wadi Ara (Karkur)
Hadera
Qalqilya
Dahariyah
Hebron

Tulkarm
Zichron
Lydda
Beersheba

could be notified and requested to give us the necessary assistance, including the use of their telephones.

In view of recent occurrences, we would be grateful if your Department could issue certificates to each one of our men to the effect that they are engaged on stream gauging work and if these certificates could be countersigned by the Police. If you agree, we would be ready to print appropriate cards to bear the employee's photograph and a note to the effect that he is engaged on discharge measurements on behalf of our Company in cooperation with your Office with an appropriate space for countersigning by your Department and the Police. This would avoid the possible arrest of our men and the loss of valuable time during floods. A list of the men in question is enclosed herewith.

Yours faithfully,

(Sgd.) P.H. Moscovitz

Assistant Manager.

1312 Department of Health.

TUL-KARM.

A.D.C. Tul-Karm. letter No. 1312/5 dated 26th June 1945.

Subject:- Orange Grove of Falah Hannun, Ghabet Kafr S.

Reference:- Your letter No. T/1312/5 dated 4.6.45.

Hannun pool has never been a danger to the public health as the nature of the soil does not help Mosquito breeding. This pool has been for several years under supervision for Antimalarial Measures but no breeding has been found.

The opinion of the Ex.M.O. Dr. Khartabil was obtained as he has been very long in the District. He agrees with my views.

The actual danger of this pool is purely agricultural. Draining or filling of this pool is a big scheme which necessitates engineering opinion & advice.

Mr. Hannun intends to do any work of that kind, he may get sufficient advice from Mr. Samaha, P.H.D. Engineer, who knows exactly & perfectly the situation as regard this pool.

P.T.O.

ASSISTANT DISTRICT COMMISSIONER'S OFFICE
TULKARM.

4th June, 1945.

M. O. H.,
Tulkarm.Subject:- Block 7933 Parcel 5 - Chabst Kafr Sur
Orange Grove of Falah Eff Hannun.

Falah Eff Hannun petitions that a certain pool in
his grove contains impure water which is dangerous to health.
I should be grateful if you could inspect ~~water~~ at your
convenience.

The place can be reached by car.

Assistant District Commissioner,
Tulkarm.5/6/45
163

4

Falah Hannun
Tulkarm.
14.2.1945

Water Commissioner,
Jerusalem.

Thro'
Assistant District Commissioner,
Tulkarm.

Sir ,

I own an orange grove of an area of 46 dunums in Block 7933 parcel 5 in Chabet KufrSur lands. Near this grove there exists a natural pool ~~which~~ in which rain water from the adjacent land gathers. Between this pool and my grove, a stone-built fence is constructed to prevent water from flowing in to my grove.

Due to the recent heavy rains the water in the pool damaged the fence and flooded ~~in~~ my orange grove thus causing considerable damage and loss to my property and myself. The water has been ~~standing~~ flooding the trees in my grove for over a month and a half and it is doubtful whether, they will survive when the water dries.

I shall therefore be grateful if you will kindly cause an inspection to be made with a view to estimating the damage and order that reasonable compensation be made.

Falah Hannun
Yours Faithfully

Forwarded
